An explained allocation listing of the \$25 million is attached. These allocations are being unilaterally modified into the Title III master subgrant agreements for Service Delivery Area (SDA) project operators. It is expected that these unilateral modifications will be completed by March 26, 1997. Bilateral modifications to increase the funds will be executed for the non-SDA project operators. These bilateral modifications will be processed on expedited basis as soon as signed copies are returned to us. Fully executed copies of the unilateral and bilateral modifications will be sent to project operators under separate cover.
